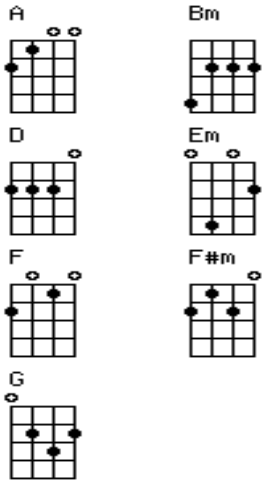
America
Neil Diamond



F
Far
F
We've been traveling far
F
Without a home
F
But not without a star

F
Free
F
Only want to be free
F
We huddle close
F
Hang on to a dream

G
On the boats and on the planes
G
They're coming to America
G
Never looking back again
G
They're coming to America

Em G
Home, don't it seem so far away
D
Oh, we're traveling light today
F
In the eye of the storm
Em
In the eye of the storm

Em G
Home, to a new and a shiny place
D
Make our bed, and we'll say our grace
F
Freedom's light burning warm
Em
Freedom's light burning warm

F
Everywhere around the world
F
They're coming to America
F
Every time that flag's unfurled
F
They're coming to America

G
Got a dream to take them there
G
They're coming to America
G
Got a dream they've come to share
G
They're coming to America

A
They're coming to America
